## International Conference on Processing, Handling and Characterization of Particulate Materials (PARMAT 2017) - A WCCE10 Joint Event

This new conference on particulate materials (PARMAT2017) is organized by eight Working Parties of the European Federation of Chemical Engineering (EFCE) in the frame of the WCCE10-ECCE11-ECAB4. This initiative started in ECCE10 aiming to be a meeting point for academia and industry to share the latest scientific progresses and technological advances in fields where particulate materials are involved. More specifically, PARMAT2017 is devoted to all the aspects related to the chemical and mechanical processing, handling and characterization of particulate materials in industry, including hazards and risks that are usually presented during these operations. This International Conference will provide a unique opportunity to integrate academic/scientific research and industry issues and requirements from researchers and industrialists around the world.

### Why participate?

- Increased awareness of academic/scientific researchers in the areas of industrial applications, problems, requirements, equipment and instrumentation
- Future Research and Development directions and projects
- Incremented comprehension of industry users/suppliers in the areas of "academic" achievements, expertise and capabilities
- Improved academic/industry networks, linkages and relationships

### Topics

PARMAT 2017 Conference will cover the following topics:

- Agglomeration, de-agglomeration and dispersion
- Crystallization and precipitation
- Comminution and classification
- Mixing
- Multiphase Fluid Flow
- Fluidization
- Characterization and simulation of particles and particulate systems
- Mechanics of particulate solids
- Bulk materials handling developments
- Biohazards and nano-safety
- Industrial safety & occupational health
- Lessons learned from accidents
- Other research in connection with the creation, processing, handling and characterization of particulate materials in industry.

### Abstract Submission

Abstracts should be submitted using the **"Online Submission"** section of the **WCCE10 website** from **October 2016** onwards

#### VERY IMPORTANT NOTE:

Please take note that it's **absolutely necessary** to make the **Pre-registration** in order to **obtain the "password" and "user"** before to submit your abstract.

Please **be sure to preregister in the WCCE10 congress website** before you submit your abstract online **in the registration and abstracts sections**; <http://wcce10.org>

# Call for Abstracts now open

International Conference on Processing,  
Handling and Characterization of Particulate Materials (PARMAT 2017) - A WCCE10 Joint Event

Coordinators

**Álvaro Ramírez-Gómez**, Chairman. Mechanics of Particulate Solids  
**Martin Morgeneyer**, Co-Chairman. Characterization of Particulate Systems  
**Stefan Heinrich**. Agglomeration  
**Arno Kwade**. Comminution and Classification

**Marco Mazzotti**. Crystallization  
**Angélique Leonard**. Drying  
**Jerzy Baldyga**. Mixing  
**Alfredo Soldati**. Multiphase Fluid Flow

Scientific Committee

Agglomeration, de-agglomeration and dispersion	Comminution and Classification	Crystallization and precipitation	Characterization and simulation of particles and particulate systems	Drying	Mechanics of particulate solids and bulk solids handling developments	Mixing	Multiphase Fluid Flow and Fluidization

Important dates

ABSTRACT SUBMISSION

- Deadline for abstract submission: **30<sup>th</sup> January, 2017**
- Evaluation period: **March - May, 2017**
- Author notification (abstract acceptance): **30<sup>th</sup> May 2017**

PROGRAM

- Preliminary Program (online): **30<sup>th</sup> June, 2017**
- Final Programme (online): **1<sup>st</sup> September, 2017**

REGISTRATION

- Early Bird Registration deadline: **30<sup>th</sup> June, 2017**
- Regular Registration deadline: **1<sup>st</sup> September, 2017**
- Late Registration deadline: **20<sup>th</sup> September, 2017**

ACCOMMODATION

- Deadline accommodation: **September 1<sup>st</sup>, 2017**
- WCCE10+ECCE11+ECAB4 Congress:  
• **1<sup>st</sup> - 5<sup>th</sup> October, 2017**

<http://wcce10.org/>
